

Community Kids Outside School Hours Care is primarily a space within the community for children to work alongside other children and adults on a range of meaningful projects.

We recognise that children are our future and learn from those around them, through interaction, play and role modeling.

Learning is not just about educational practices such as maths and science but about social interaction and personal growth

To learn is to move beyond the limits of what we know.

Community Kids provides a safe, caring environment where children can explore, experiment, learn and have fun!

Each child at Community Kids comes with their own family values, experiences of the world and story to tell. We value each as an individual and work to create activities and programs that assist and support each individual on their own journey.

In essence we are learning to play and playing to learn.

COMMUNITY KIDS

BEFORE SCHOOL CARE

AFTER SCHOOL CARE

VACATION CARE

BACKGROUND

Community Kids was established in 2009 to provide licensed before and after school care and vacation care for primary school aged children.

ABOUT US

We offer an exciting before and after school program to keep children happy, busy and relaxed. We also offer vacation care so children are content having fun all day every day of their holidays. Our program provides a wide variety of indoor & outdoor, energetic, quiet educational and fun activities.

We respect children's individual needs, interests and skills.

We invite all parents to come in and have a look around and chat to the staff.
